

Since 2013, a series of important milestones have built momentum to support the future reuse of the Dome.

2013

2018

**Urban Land Institute**  
panel inspires Houstonians to think critically about the reuse potential of the Astrodome.

**Harris County** pledges \$105 million in existing county resources to stabilize and reposition the Astrodome.

**Astrodome construction**, expected to commence in 2018, will add 1,400 parking spaces and support facility modernization.

**National Historic Trust** adds the Astrodome to its National Register of Historic Places, becoming an advocate for the facility's reuse.

**Astrodome Conservancy** forms as a steward of the Astrodome and becomes a leading advocate for rehabilitation, preservation, and activation of the iconic structure.

**Texas Historical Commission** designates the Astrodome a State Antiquities Landmark, ensuring the icon is protected from destruction.
